---

## EDUCATION

**Marwadi University, Rajkot, Gujarat**

B.Tech in Computer Science & Engineering | **CGPA: 8.59 / 10.0**

---

## TECHNICAL SKILLS

**Languages:** C, C++, Java, Python, JavaScript

**Frontend:** React.js, HTML5, CSS3, JavaScript (ES6+)

**Backend:** Node.js, Express.js, REST APIs

**Database:** MongoDB, MySQL, SQL, DBMS concepts

**Tools & Others:** Git, GitHub, VS Code, Postman

---

## PROJECTS

### Course Selling Platform – MERN Stack

- Built a full-stack e-commerce web application for selling online video editing courses using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented features like course listing, user authentication, video preview, and secure purchase flow.
- Designed a responsive frontend with React.js and managed backend APIs with Node.js and Express.js.
- Used MongoDB for storing user data, course content, and transaction records.

### Tanishq Jewellery Clone – React.js

- Developed a pixel-perfect frontend clone of the Tanishq jewellery e-commerce website using React.js.
- Implemented multi-section UI including hero banner, Shop by Category, Featured Collections, New Arrivals, and Bestsellers.
- Built a responsive navigation bar with category filters (Gold, Diamond, Earrings, Rings, Wedding, etc.).
- Deployed live on GitHub Pages. Live: [anish-thakur-code.github.io/Tanishq-Clone](https://anish-thakur-code.github.io/Tanishq-Clone)

### Weather App – HTML, CSS & JavaScript

- Built a weather forecast web app using vanilla HTML, CSS, and JavaScript that fetches real-time weather data via OpenWeatherMap API.
- Implemented city search functionality to display live temperature, weather condition, and weather icons dynamically.
- Practiced API integration, DOM manipulation, and async JavaScript (fetch) without any framework.
- Deployed live on GitHub Pages. Live: [anish-thakur-code.github.io/weather-app](https://anish-thakur-code.github.io/weather-app)

---

## CERTIFICATIONS

- CCNA: Introduction to Networks – Cisco Networking Academy, Marwadi University | Feb 2026
- CCNA: Switching, Routing, and Wireless Essentials – Cisco Networking Academy, Marwadi University | Mar 2026
- Operating Systems Basics – Cisco Networking Academy, Marwadi University | Mar 2026
- Linux Essentials – Cisco Networking Academy (NDG), Marwadi University | Apr 2026
- Design Thinking: Unlock Innovation and User-centricity – Udemy | Apr 2026
- Problem Solving for Success – Infosys Springboard | Apr 2026

---

## CODING PROFILES & ACHIEVEMENTS

- LeetCode: Solved 30+ Data Structures & Algorithms problems covering arrays, strings, and recursion.
- Consistent problem-solving practice with focus on improving time and space complexity.

## CAREER OBJECTIVE

---

Motivated 2nd-year Computer Science student with hands-on experience in full-stack web development using the MERN stack. Seeking a Full Stack / Web Development internship to apply my technical skills, contribute to real-world projects, and grow as a software engineer.
